Bubbly

AI NURSERY

ABOUT US

Welcome to Bubbly AI Nursery,
Where the Future Begins Early.

Bubbly AI Nursery is Egypt's first high-end nursery built on robotics and artificial intelligence foundations. This Smart Nursery is Located in the Forest Club - Tanza, Wahat Road - 6th of October City. We provide a designed program for children (ages 2 to 5 years old). We believe every child deserves a personalized learning journey. Our AI-enhanced curriculum helps little minds explore, grow, and shine, but we also ensure that every learner receives the right support from day one combining play, science, and technology in a refined learning environment.

CORE VALUES

Safety & Trust

We provide a secure, caring environment where every child feels protected and confident

Curiosity

We encourage questions that lead to discovery

Wellness and Emotional Growth

We support healthy habits and help children understand and express their emotions with confidence

Innovation

Every child learns to see technology as a tool for creativity

Parent Partnership

We work hand-in-hand with families to support every child's journey

OUR VISION

To redefine early education in Egypt by merging childhood development with artificial intelligence, nurturing the next generation of creative thinkers and innovators -one child at a time- who will shape a smarter, more compassionate world.

OUR MISSION

We combine playful learning with AI-powered insights to create personalized growth paths for each child. Through robotics, creativity, and problem-solving challenges, Bubbly AI Nursery transforms early education into a journey of exploration, innovation, and self-confidence.
